SPRING SUGGESTIONS.

A cough or cold contracted between the sessons is the most annoying kind, and may last
through the summer.

If you feel a cough or a cold coming on, take
a drink of pure whiskey at once. It will keep
the blood in circulation and is the best preventive against the diseases of the season.

Remember that only pure whiskey should be
taken. Duffy's Pure Mail whiskey has the
strongest recommendations from the leading
sclenitus and medical men. It is the only
standard medicinal whiskey. Take no other
from your druggist or grocer.
